

Re: Brandon Cha, Workshop Reference

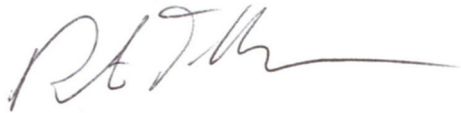

7/13/2015

To whom it may concern,

This is a letter of Reference for Brandon Cha. Brandon has worked at The Workshop for two years, first as a Lighting Artist on The Evil Within for Xbox One and PS4, then more recently as on level layout and lighting on an unannounced PC MMO project, as well as several internal prototypes.

Brandon is a highly talented and incredibly hard working artist who has proven his ability to dive in to and master new problems. He combines a world-class work ethic with a strong team spirit and can-do attitude.

In short, Brandon would make a solid addition to virtually any team. If I could, I would hire him back in a heartbeat. You are welcome to contact me to arrange a phone call to discuss in more detail.
